

Most Frequently Asked Questions

What is the Gun Bounty Program?

In partnership with Mayor Carlos Alvarez, Law Enforcement and Crime Stoppers, this initiative is aimed at deterring the illegal possession of guns and the illegal use of guns in Miami-Dade County.

How does the program work?

Anyone can call 305-471-TIPS (8477) to report a person illegally possessing a gun. The tipster must then supply detailed information about the possession and location of the person with the gun. If the offender is arrested, the tipster is eligible for a \$1,000.00 reward.

What if I have information, but don't want anyone to know who I am?

The Program is designed to maintain anonymity for all tipsters. You will not be identified and your information will remain confidential. Each informational tip is assigned a secret numerical code that serves as the only identification in the reporting and payment process.

How do I know that the police will handle the problem?

All law enforcement agencies in Miami-Dade County are committed to a quick and thorough ending of any problems involving illegal gun activity. Once the tipster information is confirmed, police will respond immediately.

Where do I collect my reward?

Utilizing your assigned secret numeric code, you will be instructed by Crime Stoppers to collect your reward from a bank.
